

Covenant of Caring

All campers, youth and adult, are expected to know and to follow the Camp Tamarack Covenant of Caring, as follows:

- I agree to participate in all aspects of the camping program and experience.
- I agree to respect the privacy, property, and dignity of others. One evidence of this will be to treat each cabin as an area to be entered only by the persons assigned therein.
- I agree to cooperate by being in my cabin, on my bed, and quiet during the appointed times for rest and sleep.
- I agree to respect all policies and guidelines established by the Region and Program Director, to include modest clothing restrictions. Among these is one which prohibits illegal drugs, alcoholic beverages, and tobacco products on the camp property. (Anyone found with tobacco products risks the probability of being sent home early.)
- I agree to return home promptly, at my own expense, if my failure to cooperate with the spirit of this Covenant is such that the Program Director or Director of Camping asks me to leave.

If there should be any questions regarding this covenant, please direct them to the Director of Camping through e-mail (director@camptamarack.org), or in writing to:
